OFFICIAL PAPER OF THE CITY

No flag but the Old Flag—the Red White and Blue,
With the stars of a Union unbroken and true!
Arise and defend it ye sons of the brave
Whose blood bought the banner your valor must save

WEDNESDAY MORNING, MAY 7, 1862

"Unfurl your Banners"

The *Advertiser* tells us that the banners of the democracy must be unfurled. This was done long ago, if the fell spirit of secession is that of democracy, with this understanding, we say that the *Advertiser* long since unfurled its banners, and emblazoned on them we find—

"WE SYMPATHIZE WITH THE SOUTH."

"WE PRAY THAT THE ARMS OF THE GOVERNMENT MAY BE PARALYZED."

"HE WHO REJOICES AT FEDERAL VICTORIES IS MORE THAN A TRAITOR."

"ABRAHAM LINCOLN WILL BE THE LAST PRESIDENT OF THE UNITED STATES."

Spread out your war banners anew, ye enemies of the Government and the Constitution; ye are not as bold as Pillow or Floyd at Fort Donelson—nor as reckless and brave as Beauregard and A S Johnson at Pittsburg Landing. Spread out your banners anew—declare your sympathy with the rebels, pray that the army may be paralyzed—that those who rejoice when they see the Stars and Stripes floating over the rattlesnake deserve to be hung as traitors; and that this republic is to end with this administration, yea, spread out your banners.

In Oregon we wish to see them spread out—so that there will be no dodging by your candidates from the doctrines emblazoned on your banners.

First Union Victory for Oregon—Defeat of the Secesh Ticket at Oregon City

A friend has sent us the returns of the Oregon City Charter election, held on Monday last. It is the first election in which the opposing tickets were strictly Union and secesh and resulted in a glorious victory for the Union party, in a town, too, which gave a plurality for Breckinridge in the presidential election.

THE WOMEN OF SECESSIONDOM—THEIR BITTERNESS.—A correspondent of the S F *Bulletin* writing from St Louis, says: "Much has been said and many curious things related of the conduct of the secesh women in this war. Since the Union armies have penetrated rebel territory this virulent feeling has been noticed officially by some of our officers. Commander C R P Rogers, of the navy, who had charge of the expedition which captured San Augustine, in Florida, mentions the subject in his official report to Flag-officer Dupont, commanding the South Atlantic blockading squadron. He says that he finds many male citizens attached to the Union, some who silently oppose it, and a still larger number who care very little about the matter. The men generally seem anxious to conciliate the Federal troops in every way, but there is much violent and pestilent feeling among the women. They mistake treason for courage and have a theatrical desire to figure as heroines. Their minds were filled with falsehoods told them by secession men as to the excesses and oppressions the Federal troops would commit on their arrival—and so, not long before the Federalists marched in, a party of the would be heroines assembled in front of the barracks and cut down the flag staff, in order that it might not be used to support the Stars and Stripes."

CAUGHT.—A man from the South, visiting Chicago, and who had been there some weeks, waiting for the finishing of engravings of plates of $50 and $100 bills of the "Confederate States" scrip which he had ordered of engravings, his pretence being that he was counterfeiting the scrip for the purpose of flooding the South with bogus currency in order to annoy and injure the rebels, was arrested by the agent of the State Department of the United States Government on Saturday on the charge of treason and immediately sent to Fort Lafayette, in charge of an officer. Letters and other private papers of value furnishing important information and implicating other individuals were found on Hendrick's person, together with $875 of Southern State currency, principally on Tennessee, Louisiana, Georgia, Kentucky and $350 in gold, and $100 in United States Treasury Notes. The Government agent spotted him and waited till the plates were engraved and $500,000 of them printed and then seized the plates the scrip and eight sample bills of the genuine scrip of the Confederate States, of the denominations of $100, $50, $20 and $5.

A correspondent of the Chicago *Times* states that Government has decided to make Cairo a permanent naval depot.

Gen Blenker has been restored to his command.

The Feeling at Memphis—The Proscription Law Enforced—Providing for the coming of the Yankees!—The Rebel Fleet at Island No. 10 Reinforced from New Orleans—Engagement at Corinth, and Defeat of the Rebels—Loyal Feeling in Tennessee—Barbarities of the Rebels—Operations in Virginia—The Destiny of Rebeldom—Congressional.

The *Brother Jonathan* arrived at this port at eight o'clock last evening, with 400 passengers. We are indebted to Wells Fargo & Co for files of papers, and to Purser [illegible] for the following memoranda and passenger list.

[illegible]

[illegible]

Full Details of News.

CAIRO May 1.—The Memphis *Avalanche* of April 29th has been received. It contains little of interest further than the confirmation of the fall of New Orleans. It complains that the rebel government is [illegible] and says that nothing, but the terms of the surrender is now known.

[illegible] currency [illegible] circulation, which is principally [illegible]

The conscription law is being rigidly enforced [illegible]

Memphis is in a high state of excitement anticipating the arrival of the Yankees. [illegible] has been abandoned.

It is currently reported in Memphis that Beauregard's force at Corinth does not exceed 80,000 men. Gen Halleck has an army of 200,000, the best in the North. As an inducement [illegible] Memphis, it was reported that a gunboat from New Orleans was in sight up to [illegible] Fort Wright.

It is apprehended that the rebel fleet at Fort Wright has been reinforced by the rebel fleet from New Orleans, and that an attack has been made on our fleet. Such an attack is not unexpected. When the last boats left Commodore Foote was fully prepared to meet the enemy.

A steamer from Pittsburg Landing arrived last night reports a serious skirmish between the advance party of the Federal army 5,000 strong and a large body of rebels five miles from Corinth. The Union forces were victorious. No mention is made of the losses on either side. Cannonading was still heard when the steamer left.

WASHINGTON April 30.—The House of Representatives to day adopted a resolution censuring Secretary Cameron for the employment of Cummings, by a vote of 70 to 49. A resolution censuring Secretary Welles for the employment of Morgan was rejected by a vote of 45 to 72.

WASHINGTON May 1st.—A letter from a gentleman in high authority in Tennessee says that so soon as the rebel army is driven from the limits of that State Tennessee will stand for the Union by an overwhelming majority. He urges on the government the absolute necessity of sending an army into East Tennessee. The authority says that the rebels there are plundering our people by thousands and adds that their acts of inhumanity are without parallel.

In a special dispatch to the New York papers it is stated, on the authority of Richmond refugees who left there a week since, that there are but 1000 rebel soldiers between that place and Fredericksburg under Gen Field. This conflicts with previous reports. One of his regiments had been mutinous and was partly disarmed. The guns formerly in the fortifications of Richmond have been sent to Yorktown where it is believed there are 100,000 rebels.

Unionists of undoubted loyalty had been driven from Fredericksburg and are now within our lines. The correctness of this information is vouched for.

In accordance with Gen Halleck's recommendation, Gen Sherman has been nominated Major General.

HARRISONBURG, Va, April 20.—3000 rebels under Edward Johnson, formerly of the Federal army, are posted a few miles from Staunton, but in a position easily accessible to us also, in case of Gen Milroy's approach.

The most reliable news from Gordonsville is that there are only about 1,000 men there. Gen Longstreet with his command had gone to Yorktown. Should Jackson retreat he will probably reinforce Jackson in Blue Ridge.

The Richmond *Examiner* of the 27th says in effect that the destiny of the Confederacy is trembling on the result of Yorktown. If successful there it will [illegible] six months in which to carry out the provisions of that Conscription Act, arming and equipping a large army and launching a fleet of Merrimacs. If unsuccessful, Virginia is lost.

The members of an Illinois regiment publish a daily sheet called the *Army Bulletin*. A large well edited paper is also published by a regiment at Leesburg, Va, called the *[illegible] Gun*.

From the Oregon Farmer

Emigration to Mexico

The San Francisco *Scientific and Mining Press* contains a long, minute scientific description of several deposits of iron ore in the Mexican State of Durango. We are compelled to admit, from the description, that the ore is exceedingly rich and abundant. The advantages of these ores are—that they are in the neighborhood of a populous city, near a large river, accessible from every quarter; the iron in a state of *oxyd* and easily worked—the most easily reduced to metallic iron; its metal is almost pure; it contains a great variety of ferreginous metals, which facilitate the smelting, &c.

The *Scientific and Mining Press*, in commenting upon this report, says:

"We present in this issue a most elaborate report upon the '*Cerro de Mercado*,' a scientific paper upon the capacity, range and extent of its mineral resources but more especially that of iron, by Mr. Fred. Weidner, Esq., of Durango, Mexico. There can be no greater benefit or emolument realized, even not excepting the richest gold and silver mines, than a mine of nearly pure iron in our vicinity. Every one must be more or less conversant with the product of iron, its value; from whence it comes, and to what purposes it is generally applied. The bulk of this metal comes from Great Britain, for which the United States pay annually several millions of dollars, and the increase of manufactures, railroads, etc., still keeps augmenting the demand from year to year. There are a few iron districts which are actively pursuing the smelting of iron in the United States, but the yield of these cannot be compared with the accompanying report which gives 70 per cent of pure metal in the *Cerro de Mercado*. Eventually, (we hope, however, soon,) the Pacific Railroad will have to be constructed, and with the rails made of American iron, would be of the greatest possible benefit to every citizen in the Pacific States. The Government of Durango, in Mexico, have authorized certain parties to organize a company, and have invested them with all necessary power to work and develope its mineral resources, and aid them with every facility and franchise required for this grand project. They have also sent here a Commissioner of Emigration, as will be seen by reference to another column, and to which we shall refer hereafter. Thus the inducements offered to the people of this State, are of too great importance to be lost sight of."

We have no doubt of the richness of the Durango ore and of the facilities of working it, and of its nearness to river navigation; but all these advantages can be found within six miles of this city. There can be no doubt but that our ore is as good as that in Durango—that we have immense forests which can be worked into wood—water power and a navigable river within a stone's throw, and if a dozen furnaces should at once be put in operation, that child is not born and will not be for three hundred years, who would see the ore exhausted. Whenever the Pacific Railroad is built, we desire that its rails shall be of American iron.

We can see no object in sending our citizens into Mexico—to live under a foreign Government—for the enjoyment of any peculiar advantages offered there, in making iron, over those that can be realized in Oregon. Indeed, the advantages to iron manufacturers would be all in favor of the country here over any that could be offered in Durango.

It would be a great pleasure to us, if the respected editor of the San Francisco *Scientific and Mining Press* could make an actual examination of the deposits of iron ore in our vicinity, and the advantages we possess for working it.

Planting of Flower Seeds.

The season has now arrived when the ladies will be planting their Flower Seeds. Knapp, Burrell & Co. have a great variety of these seeds on sale—some of which are new varieties, and highly spoken of. Some few rules should be followed in the planting of Flowers Seeds:

"In order to be successful in raising flowers from seed, it will be necessary to bear in mind that the smaller the seed the less deeply should it be covered with earth. Some seeds are so small that they require only to be sprinkled over the ground and gently pressed into the soil, and should the weather prove very dry, a thin layer of damp moss ought to be placed over them till they germinate, when care must be taken to have it removed. There are a few seeds that require such extreme attention.

Small seeds, as Petunia, Portulaca, &c., sow about one-fourth of an inch in depth; those of larger size, as Mignonette, Sweet Alyssum, &c., about one-half of an inch in depth; still larger, as Balsam, Morning Glory, &c., three-fourths of an inch in depth; and seeds of the largest size, as Lupine, Nasturtium, &c., fully one inch in depth. They must be covered with finely pulverized soil, or leaf mould, slightly pressed down, and should be kept moderately moist by shading or light sprinklings of water, until they make their appearance. When about one inch in height the plants must be thinned out from one to two inches apart, to prevent crowding. Tall varieties should be neatly staked to prevent injury from wind or rain.

Flower seeds can be sown in open ground as soon as danger from frosts have passed.

☞ A vacant see was to be supplied, and the synod observed to the Emperor, Peter the Great, that they had none but ignorant men to present to his majesty.

"Well then," replied the Czar, "you have only to pick the most *honest* man; he will be worth two *learned* ones."

BEAUTY AND SIMPLICITY OF CONSTRUCTION

—AND—

Efficiency in Working.

A GOOD SEWING MACHINE

SHOULD BE WELL MADE, simple in its construction, and easily kept in order. It should make a TIGHT LOCK STITCH alike on both sides of the material, and should sew any and all materials that can be sewed.

It should be able to use cotton thread, or silk, directly from the spool, and to sew from coarse to fine and from thick to thin, with rapidity, and without changing the tension. It should also be able to make the tension greater or less, on both the under and upper threads and with uniformity, and should have a *straight* needle, curved ones being liable to break.

The needle should have perpendicular motion—this is absolutely necessary for heavy work.

It should be able to bind with a binder, hem with a hemmer, should stitch, fell, run and gather, and always ready to work.

It should be capable of using the same size thread on both sides of the work, and of using different colored thread or silk, above or below, to correspond with any two colors of cloth to be united.

It should be able to make a long or short stitch, and to fasten off the seam, and commence sewing tightly at the first stitch, and to run easily, and make but little noise.

It should have a wheel feed, no others are in constant contact with the work.

It should not be liable to get out of order, neither should it require a screw driver or wrench to set the needle.

It should not be liable to oil the operator's dress.

It should not form a ridge on the under side, nor ravel.

SACRAMENTO STREET, BELOW MONTGOMERY,
Opposite Pacific Mail Steamship Company's Office, San Francisco.

ESTABLISHED IN 1854 FOR THE PERMANENT cure of all Chronic and Private Diseases and the SUPPRESSION OF QUACKERY. Attending and Resident Physician, L. J. CZAPKAY, M.D. Late in the Hungarian Revolutionary War; Chief Physician to the 20th Regiment of Honveds; Chief Surgeon to the Military Hospital of Pesth, Hungary; the late Lecturer on Diseases of the Urinary Organs and Diseases of Women and Children, and Honorary Member of the Philadelphia College of Medicine.

☞ Particular attention paid to the treatment of diseases peculiar to Women and Children.

Office Hours—From 9 A.M. to 9 P.M.

☞ Communications strictly confidential. Permanent cure guaranteed or no pay. Consultations by letter or otherwise FREE.

Address, DR. L. J. CZAPKAY, San Francisco.

Of all diseases, the first great cause
Springs from neglect of Nature's laws.

To the Afflicted:

Suffer not when a cure is guaranteed in all stages of secret diseases—Self-Abuse, Nervous Debility, Syphilis in all its stages, Strictures, Gleet, Gravel, Diabetes, diseases of the Kidneys and Bladder, Mercurial Rheumatism, Scrofula, Pains in the Bones and Ankles, diseases of the Lungs, Throat, Nose and Eyes, Ulcers upon the Body or Limbs, Cancers, Dropsy, Epileptic Fits, St. Vitus Dance—and all diseases arising from a derangement of the sexual organs—such as Nervous Trembling, Loss of Memory, Loss of Power, General Weakness, Dimness of Vision, with peculiar spots appearing before the eyes, Loss of Sight, Wakefulness, Dyspepsia, Liver Diseases, Eruptions upon the Face, Pains in the Back and Head, Female Irregularities—and all improper discharges of both sexes. It matters not from what cause the disease originated, however long standing or obstinate the case, recovery is certain and in a shorter time than a permanent cure can be effected by any other treatment, even after the disease has baffled the skill of eminent physicians and resisted all their means of cure. The medicines are pleasant, without odor, entirely vegetable, causing no sickness and free from mercury or balsam. During fifteen years of practice in Europe, the Atlantic States and California, I have rescued from the jaws of death many thousands who, in the last stages of the above mentioned diseases, had been given up to die by their physicians, which warrants me in promising to the afflicted who may place themselves under my care a speedy and permanent cure. Private diseases are the greatest enemies to health, as they are the first cause of consumption, scrofula and many other diseases, and should be a terror to the human family. A permanent cure is scarcely ever effected—a majority of cases falling into the hands of incompetent persons, who not only fail to cure the disease but ruin the constitution, filling the system with mercury, which with the disease, hastens the sufferer into a rapid consumption. But should the disease and the treatment not cause death speedily, and the victim marries, the disease is entailed upon the children, who are born with feeble constitutions, and the current of life corrupted by a virus which betrays itself in scrofula, tetter, ulcers, eruptions and other affections of the skin, eyes, throat and lungs, entailing upon them a brief existence of suffering, and consigning them to an early grave.

Self-abuse is another formidable enemy to health, for nothing else in the dread catalogue of human diseases causes so destructive a drain upon the system, drawing its thousands of victims through a few years of suffering, down to an untimely grave. It destroys the nervous system, rapidly wastes away the energies of life, causes mental derangement, prevents the proper development of the system, disqualifies for marriage, society, business and all earthly happiness, and leaves the sufferer wrecked in body and mind, predisposed to consumption and a train of evils more to be dreaded than death itself. With the fullest confidence I assure the unfortunate victims of self-abuse that a permanent and speedy cure can be effected, and with the abandonment of ruinous practices, my patients can be restored to robust, vigorous health.

Irregularities and all diseases of males and females treated on principles established by twenty years of practice, and sanctioned by thousands of the most remarkable cures.—Medicines with full directions sent to any part of the State, Oregon and Washington Territory, by patients communicating their symptoms by letter.

All business correspondence strictly confidential. Address DR. L. J. CZAPKAY, Medical Institute, Sacramento street, below Montgomery, opposite Pacific Mail Steamship Co.'s Office, San Francisco.

Remarkable Instance of Medical Relief.

Below we publish the certificates of three of the sufferers from the pangs of disease, who having recovered their former health, and impelled by gratitude, make known their cases and remedial agent, and their statements are authenticated by a Notary Public. The demands for certificates are [illegible] there publicity, and we commend their perusal to the attention of all afflicted.

Certificate.—The undersigned, desirous of [illegible] those who may be unfortunately [illegible] [illegible] where a permanent relief from their sufferings may be obtained, feels it his duty [illegible] publicly express his most sincere gratitude to Dr. L. J. Czapkay for the recovery of his health. Borne down by the distressing symptoms incident to the vicious practices of uncontrollable passion in youth, depressed in body and mind, unable to perform even the most trifling duties imposed upon the ordinary avocations of life, I sought the advice of many physicians, who at first regarded my disease as of trifling importance—but alas! after a few weeks and in several instances months of their treatment, I found to my unutterable horror that instead of relief my symptoms became more alarming in their torture, and being told by one that my disease was principally confined to the brain, medicine would be of little consequence. I despaired of ever regaining my health, strength and energy, and as a last resort, and with but a faint hope, called upon Dr. Czapkay, who after examining my case prescribed some medicine which almost instantly relieved me of the dull pain and dizziness in my head. Encouraged by the result, I resolved to place myself immediately under his care, and by a strict obedience to all his directions and advice my head became clear and my ideas collected, the constant pain in my back and groins, the weakness of my limbs, the nervous reaction of my whole body on the slightest attempt at excitement, the misanthropy and evil forebodings, the self-distrust and want of confidence in others, the incapability to study and want of resolution, the frightful, exciting, and at times pleasurable dreams at night, followed by involuntary discharges, have all disappeared, and in fact in two months after having consulted the doctor I felt as if animated by a new life—that life which but a short time ago I contemplated to end by my own hand. With the view to guard the unfortunate from falling into the hands of incompetent quacks, I deem it my duty to offer this testimony to the merit and skill of Dr. Czapkay, and recommend him to all who may stand in need of medical advice, being assured by my own experience, that under his care a radical and permanent cure will be effected.

B. F. FILLMORE.

State of California, County of San Francisco.
Subscribed and sworn to before me, this seventh day of April, A. D. 1856. Signed,
[L. S.] JOHN MIDDLETON, Notary Public.

MARYSVILLE, June 24, 1856.

DR. L. J. CZAPKAY, San Francisco—*Sir*: I have used the last of your medicine and I do not think I shall need any more, as I feel very well except that I have not entirely got my strength yet, but soon will with the appetite I have. It is just three weeks ago, you may recollect, since I called at your institute with my constitution, as I thought, broken entirely, and never thought you would be able to cure me perfectly, but thought you might be able to do something to ease the pain in my back and head and strengthen my nerves so that I would not get excited and tremble at everything. Now that you have done more than what I expected, you may judge of my satisfaction at my complete recovery from those symptoms and the removal of those sores and blotches from my skin and the ulcers in my throat, and the enlarged gland, which you said were principally the cause of my sickness. I can hardly tell you which is the greatest, my joy or my surprise, for except not having fully got my strength, I feel as well as any man can feel.

Enclosed I send you twenty dollars over your charge, and think myself cheaply cured. If you think anybody will be benefited you may put this letter in the newspapers. I remain, gratefully yours,

THOMAS HAYNES.

Thankfulness is the incentive to gratitude.

CERTIFICATE.—Prompted by an honest desire of my heart, I wish to lay before the public a case which deserves recommendation not only as an act of scientific skill, but that of humanity also. About two years ago I suddenly, and from causes unknown to me, was seized with a fit of epilepsy, which, owing to my inability to meet the expenses consequent upon a thorough medical treatment, and the discouragement which I met with on attempting it, soon became such as I was then led to believe, set at defiance the skill of any physician. I was frequently, while in pursuit of my calling, thrown down to the ground without the slightest warning, and although unconscious to the agonies I yet despised the miseries of my life, and soon learned to look upon those who would render assistance or shelter me from danger as the men who sought to prolong the existence of my misery. While in this state and having previous to my affliction tasted the sweets of life, I once more was induced to attempt seeking aid of a physician, and by recommendation, called upon Dr. L. J. Czapkay. I told him of my circumstances and of my inability to reward him for his services, regardless of which, however, he at once undertook my case, and with the blessing of God I was once more restored to perfect health. Unable to reward him for the boon which I enjoyed at present, and yet more increased my indebtedness, I consider it due to myself and all afflicted to make the case public, in order that those in need of medical advice may find a physician in whom every confidence can be placed.

MEYER YABLONSKY.
